# WHAT IS **NEVER ALONE RECOVERY?**

Our organization was created by a group of passionate individuals who have felt the tragedy of addiction firsthand. It has been our mission to make sobriety accessible to those in need.

## **A RESOURCE**

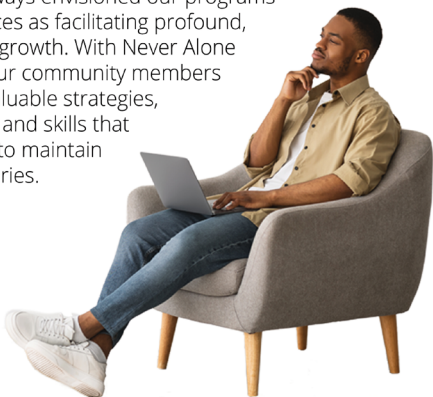

The purpose of Never Alone Recovery is to strengthen relationships and restore connections by making successful, long-term sobriety more accessible.

## **A COMMUNITY**

Our team becomes personally invested in the success of each person helped through our support programs and initiatives. These individuals become lifelong members of the Never Alone Recovery family.

## **A LIFESTYLE**

We have always envisioned our programs and resources as facilitating profound, life-altering growth. With Never Alone Recovery, our community members can learn valuable strategies, techniques, and skills that allow them to maintain their recoveries.

BECAUSE WE'RE NEVER ALONE  
**WE DO RECOVER.**

Insufficient support—emotional, clinical, financial, social—is a common catalyst of post-treatment relapse. Our mission is to repair relationships actualize untapped potential through the power of addiction recovery.

NEVER ALONE  
**RECOVERY**

# HOW TO GET STARTED

If you're ready to get sober, or if you're looking for assistance for an addicted loved one, here's how to receive support from Never Alone Recovery.

## 1 GET IN TOUCH

We will learn about the addicted individual, including substances used, lifestyle, history of recovery, and much more, so we can offer better recommendations: **866 995 2294**

## 2 GET VERIFIED

We will work with your health insurance provider to learn which types of treatment are covered and the exact amount of coverage available.

## 3 GET RECOMMENDATIONS

Based on the individual's unique background, history of substance abuse, preferences, and health insurance coverage, we will recommend one or more treatment centers.

Planning on enrolling in an out-of-state treatment center? No problem. Our team can assist with planning and arranging travel.

# WHAT DOES **NEVER ALONE** DO?

Two-thirds of people relapse<sup>1</sup> mere weeks after treatment. Of course, there are many reasons why someone might relapse, and even though a relapse doesn't necessarily mean failure in recovery, not having access to the right resources is among the most common causes of a relapse.

Never Alone Recovery promotes success in recovery by ensuring that the individual has access to the rehabilitative resources and ongoing support necessary for stable sobriety.

Here are some of the services and support options we can offer you at absolutely zero cost.

## **REHAB RECOMMENDATIONS**

We work with some of the best and most highly-rated alcohol and drug rehab centers in the US.

## **INTERVENTIONISTS**

We've helped countless families stage successful interventions for their addicted loved ones.

## **INSURANCE VERIFICATION**

We can work with your health insurance provider to find out exactly how much coverage you have.

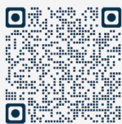

## **ONLINE SUPPORT GROUPS**

Our support group takes place weekly and is available to anyone online for free. Visit our website to learn more.
